## Elevator is Out of Order

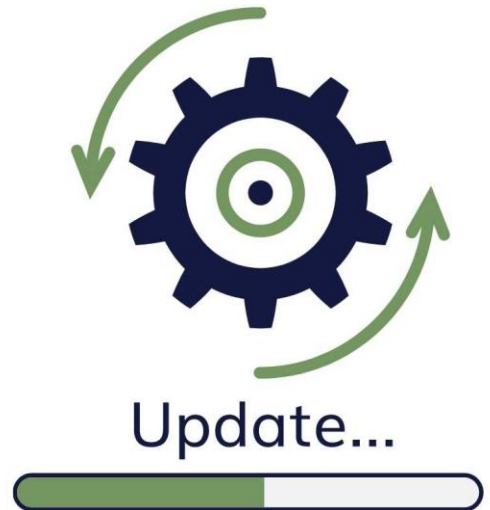

We are so sorry the elevator is still not working, but we're getting daily updates with TK Elevator on the two parts needed to fix the problem caused by lightning during the most recent storms. One part has arrived and we're now waiting with great anticipation on the second one. We will keep you updated on the progress of resolving this issue.

If you use the elevator to move between floors, use this guide to know which lot is best for you to park in and which door to use.

- **Worship/Sanctuary/Church Office/Conference Rooms:** Park in the upper North West lot and use Door 5
- **Cornerstone Room/Lower Level:** Park in the lower North East lot and use the Preschool Entrance at Door 9
- **Church Gym:** Park in the South lot and use Door 2

## Exciting Software Upgrade in Motion

For years St. Peter's has utilized ACS Technologies for its church management system. This software tracks all of our member information, contributions, attendance, and more. This system has brought you the [my.stpetersfw.org](http://my.stpetersfw.org) online account as well as the Church Life app. This software has served us well, but ACS has developed a completely new and even better system, and they are no longer making updates to the old one we use now. This month, St. Peter's will upgrade to this new and improved system called Realm.

The conversion will begin on July 19. At that time, you will not have access to either the [my.stpetersfw.org](http://my.stpetersfw.org) site nor to the Church Life app. Rest assured, there will be a new website and a new and improved app as part of the upgraded

system. You will receive additional information about how to access these tools in early August.

If you are a regular user of the Church Life app, we will have paper copies of the church directory available in the Ministry Center for your use. If we run out of copies, reach out to the Church Office and we can print one off for you.

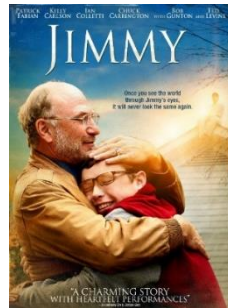

We are excited about some new services this new software will offer. We cannot wait to share them all with you.
