**St. Peter's Lutheran School
7810 Maysville Rd.
Fort Wayne, IN 46815
749-5811**

WELCOME to the St. Peter's sports program! We hope it is a positive experience for your athlete and you. Athletics is a major offering at St. Peter's, one that can occupy your child's time virtually from the first day of school to almost the last. Why have such a complete program? Our school's mission statement tells us that we are attempting to help our children grow in five ways: **spiritually, emotionally, intellectually, socially and physically**. Our athletic program is an extension of that program.

Our athletes grow **Spiritually** when they:

- learn to trust in the Lord for all things
- develop faith-filled relationships with Christian teammates

Our athletes grow **Emotionally** when they:

- learn to lose with grace and dignity
- learn to win with grace and humility
- develop the discipline to be good athletes

Our athletes grow **Intellectually** when they:

- discover the relationship between the classroom and the athletic field
- learn the mental challenges of mastering a sport

Our athletes grow **Socially** when they:

- develop spiritual bonds with their teammates
- see opponents as fellow Christians and friends

Our athletes grow **Physically** when they:

- develop coordination through repetition
- develop strength and endurance through practice

It is our desire to have your child experience these benefits through our sports program. This booklet describes our program in detail and describes what you, your athlete and your coach can do to make this a positive experience. Please read it carefully and enjoy St. Peter's sports!

St. Peter's Sports – General Overview

As a member of the Lutheran School Athletic Association, St. Peter's offers a wide variety of athletic experiences on several levels. There are 16 schools in the LSAA located throughout Allen, Adams and Noble Counties.

In most sports, the schools are split into two divisions according to geographic location – North and South. St. Peter's is in the North Division.

Interscholastic competition is offered at two levels: the 5 & 6 grade division, often referred to as the junior varsity, and the 7-8 grade division, or the varsity. It is our general policy not to include students from the lower grades (gr. K-4) on the junior varsity, nor is it our policy to move junior varsity players up to the varsity level. However, 4th graders are allowed to participate in soccer, wrestling and in track, and on occasions we have recruited younger students, when there were not enough players to field a junior varsity team. Also, when numbers are not sufficient to field a complete team, younger players may be moved to the varsity level.

St. Peter's Lutheran School has a policy which prohibits retaining a student in a grade level for the sole purpose of improving the student's ability to participate in our extracurricular athletic program.

Each season consists of a series of league games (usually playing each division team once) and a post-season tournament of playoff. There are no league tournaments at the junior varsity level although some schools choose to host a tournament on their own.

GENERAL INFORMATION:

THE JUNIOR VARSITY PROGRAM

The purpose of St. Peter's junior varsity athletic program is to give our children exercise, build self-esteem, highlight sportsmanship and acquire new skills. Our intent is not to defeat a child's willingness to take a risk or try a new sport. As a result, it is our policy that every junior varsity player play in every game to which his/her team is assigned. Designated tournament games may be an exception to "everyone plays" rule at the discretion of the coach and athletic director. Athletes are not cut from teams. The emphasis is on participation by all of our athletes. It is important to note, however, that the coach has the right to exclude a player because of poor attitude, attendance or determination.

THE VARSITY PROGRAM

While the varsity level teams also strive for the same ideals, it is important to note that competition and winning the contest become much more important. At the varsity level, St. Peter's maintains a no cut policy. Sometimes, though, we may have large team rosters which makes trying to play everyone a challenge for the coach. At the varsity level, winning isn't the only thing or the most important thing, but striving for victory is one objective of competition. In a close contest, to interject a player with weaker skills into the heat of the battle is unfair to that player and to the team. If we are competing with a school that cuts less talented players, their "second string" is often far superior to our "second team" and a situation of uneven competition results. Many factors enter into the coach's decision on whom to play, when, and for how long. Some of these are: 1) Player's attitude in practice sessions; 2) Player's attitude at games; 3) Players attendance at practices and games;

4) Player's determination in practices and games; 5) Player's skill level attained; 6) Number of players on the team; 7) Score of game; 8) Caliber of opponents generally; 9) Caliber of opponents in the game.

Remember, varsity athletics are not intramurals. If victory is within reach, everyone may not play as much as s/he would like, or when s/he wishes. That is the coach's decision alone. The coach is the only person who has all the data to make the decision.

If possible, due to a high number of participants, teams will be split into 'A' and 'B' teams. The purpose of the 'B' team is to give those athletes that would not get much/any playing time in 'A' games the chance to improve their skills and develop confidence in themselves. When there is not a possibility of playing a 'B' game, all players will sit on the bench to develop team comradery. This is in affect for regular season games and all tournaments.

THE ATHLETE'S RESPONSIBILITY

Interscholastic athletics put St. Peter's "on display". Athletes who compete against other schools represent not only themselves, but St. Peter's and their Lord as well. On a day-to-day basis, there is no other program that brings our students and parents together with students and parents from other schools. We expect our athletes to conduct themselves in a manner reflecting their Christian faith in and out of school, in the gym and on the playing field. We expect our athletes to:

1. Attend church regularly
2. Show Christian sportsmanship
3. Have a cooperative spirit with team members and coaches
4. Be a team player motivated by team spirit
5. Win without boasting – lose without complaining
6. Be courteous to all coaches, officials, and opposing players
7. Accept all officials' decisions gracefully

The principal, coach, athletic director or any teacher may, after a conference, exclude a student from participation in interscholastic athletics if the student, because of conduct or unchristian attitude, would not be a worthy representative of St. Peter's. However, the student is expected to attend all practices and be present at games. In addition, anyone found smoking, using alcoholic beverages, drugs, or selling the same, or chronically foulmouthed will be expelled from all athletics for the remainder of the school year.

ATTENDANCE

Prompt and regular attendance is necessary for team membership.

Unexcused absences or tardies in sufficient number will result in probation or dismissal from the team.

- 1) It is the responsibility of the athlete to **PERSONALLY** inform the coach in advance of any anticipated absence or tardiness from a game or practice. Any violation of the above will result in an unexcused absence.
- 2) An unexcused absence will result in the player not being allowed to play in the next regularly scheduled game, but s/he must attend all practices.
- 3) Three (3) unexcused absences will result in immediate dismissal from the team.
- 4) Students should be picked up **PROMPTLY** after games and practices. Check schedule for times. If a student is not picked up within 15 minutes after a practice has ended, s/he will be ineligible for the next game.
- 5) To be eligible to participate in a game or practice a student must be in attendance at school no less than the second half of the day of the event.

ACADEMIC ELIGIBILITY

Students must maintain a C average to remain eligible for participation in interscholastic sports. If a student receives an F on his/her quarterly report in one of the major academic subject areas, s/he will not be able to participate in any sport or cheerleading. The student's status will be re-evaluated at the following grading period. If a student receives an F in music, art, physical education, instrumental music or choir, the student is on probation until the next grading period. During that time, the student may still participate in a sport and must bring the F grade up to at least a D. If at the next grading period the student still has an F in that subject, s/he will be ineligible for that grading period.

AGE LIMITS

The following age limits have been established by LSAA:

- Grade 8 – Must not be 15 years old before August 15
- Grade 7 – Must not be 14 years old before August 15
- Grade 6 – Must not be 13 years old before August 15
- Grade 5 – Must not be 12 years old before August 15
- Grade 4 – Must not be 11 years old before August 15

THE PARENT'S RESPONSIBILITY

Parents have distinct responsibilities toward their children and their school regarding the athletic program at St. Peter's. These areas closely parallel the student's responsibilities

THE BASICS

First, it is the parent's responsibility to make sure his/her student meets all of the basic requirements for the athletic program. These include:

- 1) Ensure the student has adequate accident insurance. Most often this is covered through the parent's insurance company through work. If additional insurance protection is required, it may be purchased through the school at the beginning of the school year.
- 2) Ensure that before the student's first practice, s/he has on file with the Athletic Director a physician's Certificate of Physical Fitness and Parent's Consent to participate (this must be done each year).
- 3) Ensure all equipment to be provided by the athlete is of good quality and in good repair (shoes, shin guards, etc.).
- 4) The school will provide uniforms for each sport. The athlete and His/her parents are to see that the uniforms are cared for and cleaned properly throughout the season and returned in laundered condition as soon as possible after the season has ended. Athletes and their families are responsible for lost or ruined uniforms and equipment.

CONDUCT

This is the most important area of responsibility for the parent. St. Peter's places a great deal of emphasis on the importance of our athlete's conduct on and off the playing field. This holds doubly true for parents. Parents are the most important influence in any child's life. If we expect our athletes to act in a Christian manner on the court, then parents, as role models, must do the same. All of the rules of conduct applied to our athletes are doubly applicable to parents. This is vital for two reasons:

First, by his or her actions in the stands, the parent teaches the child how to respect the game and opposing athletes, honor referee's decisions, and encourage others through positive support.

Second, positive Christian behavior creates a positive image of St. Peter's in the minds of opposing players and parents. There are very few times other than at athletic events are literally St. Peter's on display, where other schools' parents and athletes form opinions about us just as we do about them. Through our conduct, we give St. Peter's a positive image.

SPECIFICALLY, ST. PETER'S PARENTS SHOULD:

- 1) Respect the opposing team. In the heat of the battle it is sometimes easy to forget we are playing fellow Christian, fellow sons and daughters of the King. Booing, negative yelling and cheering when an opposing player is injured or fouls out are examples of behavior we do not expect to see from St. Peter's fan or players.
- 2) Respect the referees and their decisions. It seems to be a common belief in Indiana that basketball games are opportunities for fans to release their frustrations on the referees. While we recognize the right of each of us to disagree with the referee, our primary emphasis at any sport event should be on supporting and cheering on our athletes. Critiquing the refs should be secondary and should reflect the Christian nature of our school and team.
- 3) Support our players and coaches. St. Peter's athletic program is designed to provide learning experiences in competitive situations. It is important to remember our athletes are not perfect. They need to be supported in positive ways when they fail. Likewise, our coaches are dedicated, caring Christians. If you have a concern about the coaching of a team, talk to the coach in a caring Christian way. If that does not produce satisfactory results, take the concern to the Athletic Director.

THE COACH'S RESPONSIBILITY

In any sporting event, the coach is the leader of the day. S/he is the person to whom players and fans alike look for advice and guidance.

Coaches should:

- 1) Be role models for their athletes on and off the court or playing field and provide leadership in displaying the behaviors required of athletes and parents.
- 2) Treat their athletes fairly, wisely and positively within the guidelines established in this book, regarding each student as a valued child of God.
- 3) Teach the positive values of winning and losing.
- 4) Take an interest in and emphasize the spiritual, emotional, physical, intellectual and social growth and development of each athlete.
- 5) Conduct practices in an orderly and organized fashion.
Parents are reminded that practices are the responsibility of the coach. Parents may attend practices only with the Coach's permission.

TRANSPORTATION

St. Peter's athletes participate in sporting events at sites throughout the city and county. For home events, if a game is scheduled at 4:15pm, athletes may stay after until the event is scheduled to begin under the coaches supervision. If a game is scheduled for 5:30pm or later, the athlete must be picked up from school or under an adults supervision. For events at other schools or sites, it is primarily the responsibility of the parents to see that the athlete is at the site at the time designated by the coach. For after school events, we rely on parents who volunteer to transport athletes to the site. Parents are responsible for getting their child home after the event. Siblings of athletes are **NOT** to remain after school for practices or games.

SPECIAL AWARDS AND RECOGNITION

All Sports Award – Is for an athlete who participated in all the sports seasons for all the years they could participate.

Sport Award – Is for an athlete who participated in a specific sport for all the years they could participate.

(Awards and Recognition include the Interscholastic Sports addressed on pages 3 and 4 of the handbook)

Sportsmanship Pledge

- I will remember that children participate to have fun, and that the game is for and about kids, not adults.
- I will be a positive role model for all children and encourage sportsmanship by showing respect and courtesy to players, coaches, referees, and spectators.
- I will teach my child to play by the rules and to resolve conflicts without resorting to hostility or violence.
- I will respect the officials and their authority and will not confront them at the game.
- I will never ridicule or yell at my child or other participants for making a mistake or losing a competition.
- I will not encourage or engage in unsportsmanlike conduct such as booing, taunting, cursing, threats, or being physical. I will teach all children that doing one's best is more important than winning.
